

# VX Equipment Connections Worksheet

## Inbound Call Equipment

Name _____ <input type="checkbox"/> <b>TDM</b> <input type="checkbox"/> CAS <input type="checkbox"/> SS7 <input type="checkbox"/> ISDN <input type="checkbox"/> Analog <input type="checkbox"/> <b>IP</b> <input type="checkbox"/> SIP <input type="checkbox"/> H.323 <input type="checkbox"/> BSP <input type="checkbox"/> <b>Serial*</b> <input type="checkbox"/> <b>BRI*</b> VX Slot _____ VX Port _____ Trunk Group _____	Name _____ <input type="checkbox"/> <b>TDM</b> <input type="checkbox"/> CAS <input type="checkbox"/> SS7 <input type="checkbox"/> ISDN <input type="checkbox"/> Analog <input type="checkbox"/> <b>IP</b> <input type="checkbox"/> SIP <input type="checkbox"/> H.323 <input type="checkbox"/> BSP <input type="checkbox"/> <b>Serial</b> <input type="checkbox"/> <b>BRI</b> VX Slot _____ VX Port _____ Trunk Group _____	Name _____ <input type="checkbox"/> <b>TDM</b> <input type="checkbox"/> CAS <input type="checkbox"/> SS7 <input type="checkbox"/> ISDN <input type="checkbox"/> Analog <input type="checkbox"/> <b>IP</b> <input type="checkbox"/> SIP <input type="checkbox"/> H.323 <input type="checkbox"/> BSP <input type="checkbox"/> <b>Serial</b> <input type="checkbox"/> <b>BRI</b> VX Slot _____ VX Port _____ Trunk Group _____	Name _____ <input type="checkbox"/> <b>TDM</b> <input type="checkbox"/> CAS <input type="checkbox"/> SS7 <input type="checkbox"/> ISDN <input type="checkbox"/> Analog <input type="checkbox"/> <b>IP</b> <input type="checkbox"/> SIP <input type="checkbox"/> H.323 <input type="checkbox"/> BSP <input type="checkbox"/> <b>Serial</b> <input type="checkbox"/> <b>BRI</b> VX Slot _____ VX Port _____ Trunk Group _____
---	---	---	---

**Instructions:** To plan your VX call routing configuration, note inbound call equipment to the above and outbound equipment below.  
*Note:* In general, each piece of equipment should be listed in both rows.

## Outbound Call Equipment

Name _____ <input type="checkbox"/> <b>TDM</b> <input type="checkbox"/> CAS <input type="checkbox"/> SS7 <input type="checkbox"/> ISDN <input type="checkbox"/> Analog <input type="checkbox"/> <b>IP</b> <input type="checkbox"/> SIP <input type="checkbox"/> H.323 <input type="checkbox"/> BSP <input type="checkbox"/> <b>Serial*</b> <input type="checkbox"/> <b>BRI*</b> VX Slot _____ VX Port _____ Trunk Group _____	Name _____ <input type="checkbox"/> <b>TDM</b> <input type="checkbox"/> CAS <input type="checkbox"/> SS7 <input type="checkbox"/> ISDN <input type="checkbox"/> Analog <input type="checkbox"/> <b>IP</b> <input type="checkbox"/> SIP <input type="checkbox"/> H.323 <input type="checkbox"/> BSP <input type="checkbox"/> <b>Serial</b> <input type="checkbox"/> <b>BRI</b> VX Slot _____ VX Port _____ Trunk Group _____	Name _____ <input type="checkbox"/> <b>TDM</b> <input type="checkbox"/> CAS <input type="checkbox"/> SS7 <input type="checkbox"/> ISDN <input type="checkbox"/> Analog <input type="checkbox"/> <b>IP</b> <input type="checkbox"/> SIP <input type="checkbox"/> H.323 <input type="checkbox"/> BSP <input type="checkbox"/> <b>Serial</b> <input type="checkbox"/> <b>BRI</b> VX Slot _____ VX Port _____ Trunk Group _____	Name _____ <input type="checkbox"/> <b>TDM</b> <input type="checkbox"/> CAS <input type="checkbox"/> SS7 <input type="checkbox"/> ISDN <input type="checkbox"/> Analog <input type="checkbox"/> <b>IP</b> <input type="checkbox"/> SIP <input type="checkbox"/> H.323 <input type="checkbox"/> BSP <input type="checkbox"/> <b>Serial</b> <input type="checkbox"/> <b>BRI</b> VX Slot _____ VX Port _____ Trunk Group _____
---	---	---	---

\* Note: Serial and BRI connections require specific VX add-in cards and do not have an associated slot or port.
