

# Emergency Call Profile - Prefix

In this section:

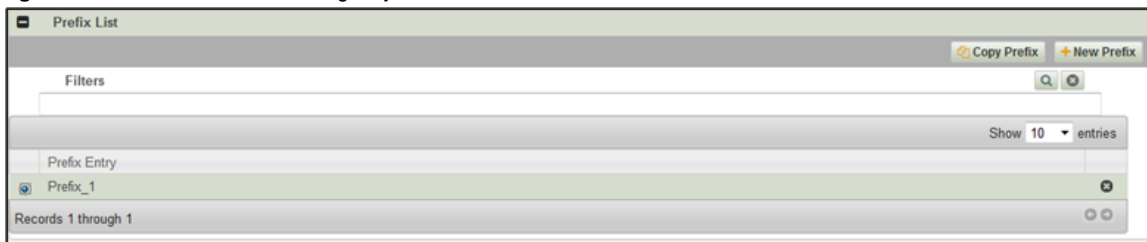

- To View Prefix
- To Edit Prefix
- To Create Prefix
- To Copy Prefix
- To Delete Prefix

The Emergency Call Profile is enhanced to allow the user to configure up to 32 emergency number prefixes.

## To View Prefix

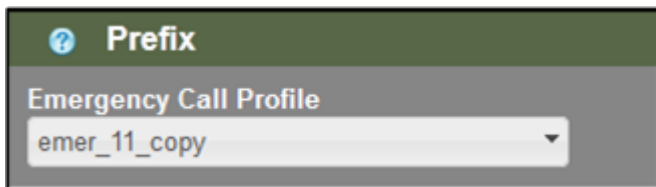

On SBC main screen, go to **All > Profiles > Services > Emergency Call Profile > Prefix**. The Prefix window is displayed.

**Figure 1:** Profiles - Services - Emergency Call Profile - Prefix

The Prefix can be checked for each Emergency Call Profile or for all the Emergency Call Profiles created. Use the drop-down box to select the desired Emergency Call Profile.

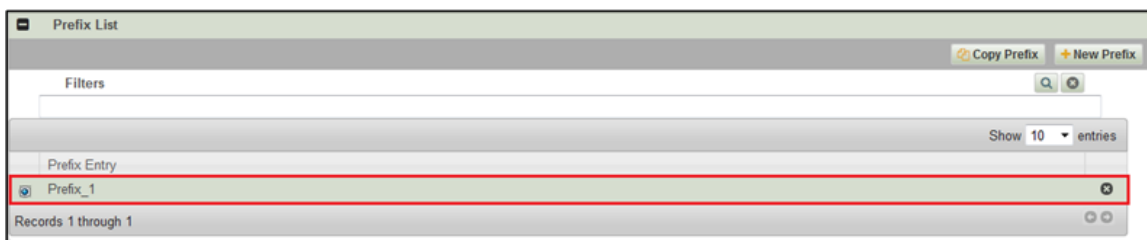

**Figure 2:** Profiles - Services - Emergency Call Profile - Prefix - Fields

## To Edit Prefix

To edit any of the Prefix in the list, click the radio button next to the specific Prefix name.

**Figure 3:** Profiles - Services - Emergency Call Profile - Prefix - Highlighted

The Edit Selected Prefix window is displayed below.

**Figure 4:** Profiles - Services - Emergency Call Profile - Prefix - Edit Window

Make the required changes and click **Save** at the right hand bottom of the panel to save the changes made.

## To Create Prefix

To create a new Prefix, click **New Prefix** tab on the Prefix List panel.

**Figure 5:** Profiles - Services - Emergency Call Profile - Prefix - Fields

The Create New Prefix window is displayed.

**Figure 6:** Profiles - Services - Emergency Call Profile - Prefix - Create Window

The following fields are displayed:

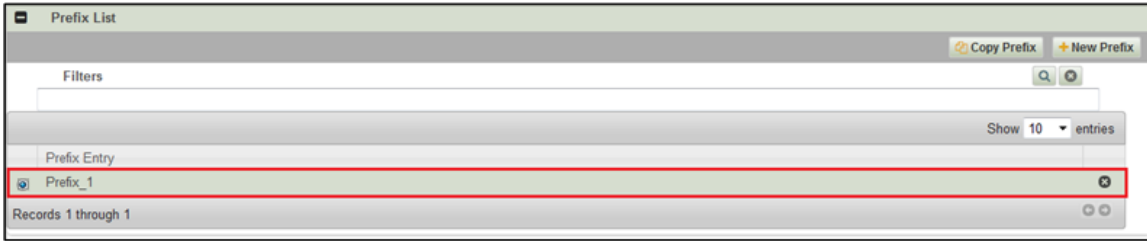

**Table 1:** Prefix Parameters

Paramater	Description
Prefix Entry	Specifies the name of the Prefix created. It can be up to 15 characters.

## To Copy Prefix

To copy any of the created Prefixs and to make any minor changes, click the radio button next to the specific Prefix to highlight the row.

**Figure 7:** Profiles - Services - Emergency Call Profile - Prefix - Highlighted

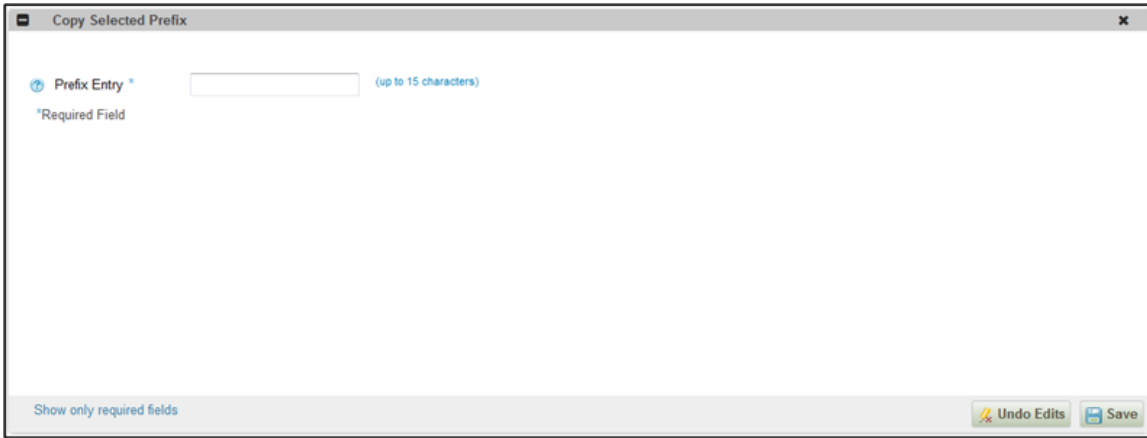

Click **Copy Prefix** tab on the Prefixes List panel.

**Figure 8:** Profiles - Services - Emergency Call Profile - Prefix - Fields
