**Security**

**SIP Services**

**Supported Features**

The SBC Features Guide describes key features of the SBC 5000 series, SBC 7000 and SBC Software Edition applications to help you design and deploy the SBC in your network.

See [SBC Core Application Architecture](#) for high-level descriptions of SBC application architecture and the basic configuration objects.

The documentation wiki contains both publicly available and restricted content. Restricted materials are reserved for Sonus Customers and Partners with a Sonus Salesforce account.
